25X1

1. All enterprises subordinate to the Ministry for General Machine Construction, ~~which~~ are ~~producing~~ goods for export, were required, as of mid-June, to have weekly discussions in their respective directorates (Leitungskollektiv) on the fulfillment of the export program. In these discussions, protocols ~~were~~ to be drawn up which ~~was~~ to include resolutions designed to guarantee fulfillment of the export program by the prescribed dates. The plant directors ~~were~~ to present these protocols to their ~~respective~~ for action. The directors ~~were~~ also responsible for inviting the ~~Party Secretary~~ the Party Secretary of the enterprise to the discussions with the ~~enterprise~~.
2. In the export program of HV RFT, there existed, as of 16 June 1955, a deficit of 1.5 million DME. Of this amount, 200,000 DME represents a carry-over from 1954.
3. Since the production of medium-wave transmitters (type BUN I and II) was behind schedule, a total of 75,000 DME in penalties had to be paid. The generating plants (Stromversorgungsanlagen) for Poland were not delivered on time and thereby incurred a fine of 65,000 DME. ~~Furthermore~~ ^{Furthermore}, 50,000 DME penalty was paid ~~for~~ ^{for} late delivery of the pneumatic tube system installation to Czechoslovakia. On an order from China for lightning arrester bars, a price of 60 DME per bar was quoted. Since the actual cost of production ~~was~~ 145 DME per bar, a loss of 75,000 DME was incurred. The generating plants (Stromversorgungsanlagen) for China were not delivered on time since the Ministry was unable to supply the English translations for the documentary data.

1. All enterprises subordinate to the Ministry for General Machine Construction, which are producing goods for export, were required, as of mid-June, to have weekly discussions in their respective directorates (Leitungskollektiv) on the fulfillment of the export program. In these discussions, protocols were to be drawn up which were to include resolutions designed to guarantee fulfillment of the export program by the prescribed dates. The plant directors were to present these protocols to their main departments for action. The directors were also responsible for inviting the EGL chairman and the Party Secretary of the enterprise to the discussions with the main departments.
2. In the export program of HV RFT, there existed, as of 16 June 1955, a deficit of 1.5 million DME. Of this amount, 200,000 DME represents a carry-over from 1954.
3. Since the production of medium-wave transmitters (type EUN I and II) was behind schedule, a total of 75,000 DME in penalties had to be paid. The generating plants (Stromversorgungsanlagen) for Poland were not delivered on time and thereby incurred a fine of 65,000 DME. Furthermore, 50,000 DME penalty was paid because of late delivery of the pneumatic tube system installation to Czechoslovakia. On an order from China for lightning arrester bars, a price of 60 DME per bar was quoted. Since the actual cost of production was 145 DME per bar, a loss of 75,000 DME was incurred. The generating plants (Stromversorgungsanlagen) for China were not delivered on time since the Ministry was unable to supply the English translations for the documentary data.
